➔ *Body Garden Conditioner*

Don't believe even a fraction of the claims made by the advertisements, salespeople and infomercial hucksters about their shampoos. In the hair industry, women and men can find shampoo and conditioner at anywhere from \$5 to over \$100 a bottle, and most of us don't know why they are priced as they are. For this reason, Orovo presents *Body Garden* all-purpose, all-type, all-in-one hair care shampoo and conditioner. This revolutionary all-in-one conditioner will not only moisturize and make your hair shine, but it will also strengthen and protect it all day.

➔ *What Makes Our Conditioner Superior*

Orovo *Body Garden* shampoo and conditioner contains luxurious smoothing and hydrating ingredients like Jojoba Seed Oil, Macadamia Ternifolia Seed Oil and 7 different kinds of veggies. *Body garden* shampoo's quality can be compared to and beat any \$50 to \$100 shampoos currently on the market. Check out some of the other amazing ingredients in the *Body Garden* conditioner.

>> Cetearyl Alcohol is not an "alcohol" such as ethyl or rubbing alcohol which can make your skin dry. Cetearyl Alcohol is an emulsifying wax made by combining fatty alcohols derived from coconut. It is one of the most effective and safe natural conditioning ingredients.

>> Polyquaternium-7 - Natural anti-static agent helps block frizzy hair and more. It is an aqueous solution of positively charged copolymer of dimethyldiallylammonium chloride and acrylamide. Polyquaternium-7 is an excellent natural agent for lubricity and wet combing without causing excessive build-up. This provides a smooth silky feel to hair.

>> Copper Tripeptide - 1 is the most effective skin regeneration product. It promotes collagen and elastin production and also acts as an antioxidant.

>> 7 (Skin Helping) vegetables - Celery, Cabbage, Rice, Tomato, Turnip, Carrot and Broccoli. Organic approved vegetables to maximize natural moisturizing and hair strengthening.
