- Water
- Disodium Adenosine Triphosphate
- Algin / Carica Papaya (Papaya) Fruit Extract,
- Glycerin
- Glyceryl
- Acrylate
- Acrylic Acid Copolymer
- Propylene Glycol , Dipropylene Glycol, Cyclomethicone, Sodium Hyaluronate (1%), Polyacrylamide
- C13 ~ C14 Isoparaffin
- Laureth-7, Ubiquinone, Kelp Extract, Jojoba Oil, Olea Europaea (Olive) Fruit Oil, Butyrospermum Parkii (Shea Butter), Aloe Barbadensis Leaf Juice, Glycerin, Allantoin, Dipotassium Glycyrrhizate, Carbomer, Triethanolamine, Gold, Peg-60 Hydrogenated Castor Oil, Methylparaben, Perfume

### ➔ Rénuvie Intensive Anti-Wrinkle Concentrate

Rénuvie Intensive Anti-Wrinkle Concentrate was scientifically developed to provide a skin repair formula that brings concentrated benefits directly to your skin. The Rénuvie Intensive Anti-Wrinkle Concentrate is a serum formulation that allows targeted ingredients to go where they're needed most. It contains 30% pure peptides with nanotechnology providing instant, visible results, plus clinically proven effects of its ingredients help provide anti-aging results with continued use. First and foremost, you want results now. And with this formula, you will see your wrinkles reduced right away.

### ➔ What Makes Our Anti-Wrinkle Concentrate Superior

Rénuvie Intensive Anti-Wrinkle Concentrate helps to visibly reduce the signs of aging by stimulating natural cell renewal, and helping to maintain collagen levels for renewed suppleness and elasticity. Rénuvie Intensive Anti-Wrinkle Concentrate contains clinically proven anti wrinkle ingredients in amounts that will maximize the reduction in wrinkles in your skin.

>> Rénuvie Intensive Anti-Wrinkle Concentrate contains a unique blend of 5 different peptides to maximize its effect on strengthening the skin's vital support elements including amplifying skin's natural collagen levels to improve elasticity of the skin. With over 30% pure peptides in this formula, Rénuvie Intensive Anti-Wrinkle Concentrate boasts some of the highest peptide levels on the market. Peptides act as messengers in the skin that signals increased collagen production and create elasticity in the skin.

>> Rénuvie Intensive Anti-Wrinkle Concentrate includes the most powerful antioxidant and anti-inflammatory ingredients such as Alpha Lipoic Acid, DMAE and Ubiquinone. These ingredients are the first line of defense against free radical damage. Antioxidant ingredients boost energy production in the cells and helps the mitochondria change food to energy. The higher the energy level in the cell, the more youthful we remain. Due to the high cost associated with these ingredients, Rénuvie Intensive Anti-Wrinkle Concentrate is the only product on the market that harnesses the power of these four antioxidant/anti-inflammatory ingredients. This results in firming benefits, enhances facial contour, improve muscle tone, improves skin tone, minimizes enlarged pores and helps to reduce fine lines and wrinkles.

Check out our ingredient list and find out what else is hidden in this groundbreaking formulation.
